## 1. What OSFI Is

The **OmniSpirit FieldWorks Institute (OSFI)** is the youth-outreach and educational division of OmniSpirit Entertainment Inc., created to deliver **transformational, trauma-informed identity programs** inspired by the *VeilBreakers* universe. OSFI integrates **story, Scripture (opt-in), science, and measurable practice** to help young people move from confusion and stress toward clarity, belonging, and identity.

Our programs blend:

- **Story → Skills Method** (3–5 min scenes followed by guided reflection)
  - **Neuroscience-aligned regulation tools** (“Two Taps, One Breath”)
  - **Courage-and-mercy frameworks**
  - **Identity-in-Christ pathway** (opt-in) or **values-based pathway** (public settings)
  - **Indigenous co-designed options** following OCAP® principles
- 

## 2. Core Mission

To restore **identity, courage, and spiritual clarity** in the next generation through evidence-informed, culturally respectful programs that are safe, measurable, and scalable.

OSFI serves:

- Public schools (values-based)
  - Churches and faith organizations
  - Indigenous communities (co-designed, protocol-honoring)
  - Youth shelters, recovery programs, chaplaincy settings
  - Under-resourced and at-risk youth populations
-

### 3. Why OSFI Matters

Youth across Canada are facing rising levels of anxiety, identity confusion, isolation, and digital pressure. OSFI directly addresses this through:

- **Trauma-Informed Environment**

Emotional safety, consent, Rule-of-Two supervision, and a no-pressure culture.

- **Identity-Centered Curriculum**

Students learn the difference between labels, lies, and identity—replacing confusion with clarity.

- **Measurable Impact**

Pre/post check-ins, identity markers, coping confidence, and belonging scores (anonymized).

- **Indigenous Alignment**

Projects can be co-designed with Elders, Knowledge-Keepers, and community councils. OSFI follows **OCAP®** and local data sovereignty expectations.

- **Multi-Context Delivery**

Assemblies, intensives, full-day programs, and multi-week series.
